

## XX. WRIST SURGERY COURSE

Course with Double Workshop from 16.07. - 18.07.2026

Wrist Fractures and Wrist Salvage Procedures

IRCAD Institute in Strasbourg

Kunstwerk von DxDiane

Dear colleagues,

Distal radius fractures and their sequela will be again our main Topic.  
In addition we will deal with interesting topics like Patient specific implants.

We will at first have a Patient Examination Course on Thursday afternoon.  
Patients from Markgröningen will be visited by Experts live, at the IRCAD.

We will have all scientific presentations and discussions during our  
Symposium on Friday.

For registered participants we will continue with our Double Workshop on  
Fresh frozen specimen on Saturday.  
Only 40 registered participants will be admitted.  
You can register either for the open or arthroscopic wrist surgery course.

We hope to see you in Strasbourg, for an exciting symposium and course!

Best regards,

Prof. Max Haerle
